But under the Indian Motor Vehicles Act, 1914, (which has repealed and replaced all the local Motor Vehicles Acts in India) no such exemption is granted.

Under sec: 14(1)(ii) however rules may be framed by the G. S. in council for prescribing the conditions under which

motor vehicles brought temporarily into British India by persons intending to make a temporary stay there may be possessed used and driven.

Sir,

I have the honor to request to be informed on the following two points in connection with the Mysore Motor Vehicles Regulation:-

1. Does the registration of a car, and the granting of a driver's license under this Regulation hold good for British India, and the Civil and Military Station, Bangalore? Is it reciprocal?

2. Has the Rs.16 for registering a car and Rs.4 for a motor cycle to be paid yearly, or is one registration fee sufficient?

I seek this information, particularly regarding the first point raised, as it is brought to my notice that it is not worth while registering and taking out licenses in Mysore if they are not recognised in British India.

I may mention that there are already some 30 or

40 cars on the Gold Fields, and that several of them are constantly travelling outside the limits of the Mysore State.

I have the honor to be,

Sir,

I have the honor to state that in my letter No. 206 dated 21 February 1914, to which no reply was received, I asked to be informed if there was any reciprocity regarding the registering of persons between the Mysore State, ^{British India} Bangalore Civil and Military Station etc.

. Under Rule 5 of the rules framed under the Mysore Motor Vehicles Regulation 1913, anyone who brings in a car from outside the Province has to register it, and if he does not do so within one year, I presume from the wording of the Regulation he will have to pay full registration fee over again. This seems to me to be a hardship on owners of a car who may not become aware of the rule until a year has passed.

7. I am under the impression that the registration of cars is universal that is to say if a car is registered in Calcutta it is not necessary to register it again in Madras if brought from Calcutta to Madras. I am not quite sure if I am right in the statement and am unable to find out here.

4. If however, I am correct it would seem anomalous that cars registered outside Idaho should be registered again on coming here.

12

5. In any case, I would suggest if it has to be done that only a nominal fee should be charged.

I have the honor to be,

that under section 3 of
the Mysore Motor Vehicles

motor car registered under
any enactment in force in
